Sir,

**A Letter Of Appreciation For Award Of Scholarship.**

I, Obasi Ugochukwu Okeke write to the board of Thank You Project, in appreciation of scholarship award given to me. I acknowledge and thank God who in HIS infinite mercy has done a great miracle in my life and in the life of my family.

I also acknowledge and appreciate the board of Thank You Project for affecting my life positively in my academics by taking it upon themselves to pay for my school fees, accommodation fees, admission acceptance fee, all the books that I need, my feeding, my medical examinations and many others. My Family and I are so grateful and I pray for Gods strength and more wealth.

Furthermore, I thank the Americans and everybody that is a part of Thank You Project who in one way or the other have affected my life positively. I also appreciate and thank Elder Robinson Okore Sunday foundation and the board for finding me worthy of this scholarship award because I never in my life expected that such a miraculous thing can happen in my life and in the life of my family.

My promise is to be a person of emulation and to be a positive influence to others who are yet to have the same miracle that the Lord has done in my life and I also promise never to disappoint the board of Thank you Project and Elder Robinson Okore Sunday foundation but to be a shining example and protect the image of the board always.

Thanks be to God and the board of Thank You Project.

Yours faithfully,

**Obasi Ugochukwu Okeke.**
