

Obasi Ugochukwu okeke
Mechanical Engineering
Micheal okpara university
Umudike,
Abia State

25th January, 2016.

The Vice Chancellor,
Thru: The Registrar,
Thru: The HOD of Mechanical Engineering,
Umudike.

Sir,

A Letter of Acknowledgement

I, Obasi ugochukwu okeke, write to acknowledge my award of scholarship.

The board of thank you project in conjunction with Elder Robinson Okore Sunday foundation has awarded me a full scholarship as one of the indigent but intelligent student of Ututu in Arochukwu L.G.A. Abia State. The scholarship covers my five years stay in the university, in the department of mechanical engineering. (first year to final year).

The scholarship covers the following, registrations, tuition, boarding, books, laboratory expenses, feeding and other incidentals. The fees and other incidentals have already been paid for.

My promise is to be a person of emulation and to be a positive influence to others who are yet to have the same miracle that the Lord has done in my life and I also promise never to disappoint the board of Thank you Project and Elder Robinson Okore Sunday foundation but to be a shining example and protect the image of the board always.

Thank You.

Yours faithfully

Obasi Ugochukwu Okeke.
